

Gail Allum BHSAI

Established the Hill Green Farm Livery in 1986 Gail comes from a background of racing, then eventing, the past 25 years concentrated on dressage horses. Successfully breeding / producing young horses for dressage, taking them from Novice to PSG level.

From time to time I use my own well trained school masters in lessons to help produce a good feel and balance for the Novice and Advanced riders.

My clients range from the complete novice riders to Advanced competitors.

Still competing in PSG competitions, I really enjoy taking novice horses up the grades without pressure. My competition record speaks for itself.

I have trained my daughter to ride at a very established advanced medium level. My daughter & I have a successful livery yard in Wigginton, with up to 60 horses. We take in weanlings, backing, breaking & schooling horses. With excellent yard management & horse care. I absolutely love my job.
